

BOYERTOWN AREA SCHOOL DISTRICT
EDUCATION CENTER

“to enable all students to succeed in a changing world”

September 11, 2009

Dear Parents/Guardians,

This month we will be testing our telephone messaging service throughout the Boyertown Area School District. This service is called **Connect-ED[®]**.

The **Connect-ED[®]** service enables us to personally communicate with you about emergency situations impacting your child/ren. It allows us to send personalized voice messages to your family's home, work or cell phones. Essentially, the district can make one phone call that reaches all of our students' families within minutes. We began using this system in the spring of 2008 and we have been very pleased with its performance.

We are planning a district-wide test message on September 21, 2009 at approximately 7:00 PM. It is important that your child/ren's school has all of your current telephone numbers so that you will not miss out on any important communications. We are utilizing your phone numbers from our student information system. If you do not receive a call on your home, work and/or cell phone(s) on September 21, please contact your child's building secretary to update your child/ren's information.

Safety and security is important to us and this service will help us maintain that goal.

Sincerely,

A handwritten signature in black ink that reads "Harry W. Morgan".

Harry W. Morgan, Ed.D.
Superintendent
