 - What you discovered as strengths/needs about yourself throughout the career portfolio process.
 - How the portfolio process influenced your choices in the course/elective selection process for classes at BASH and/or part-time job employment.

Visual Aid

- The use of technology is expected for the visual aid.
- Suggestions: Power Point, Prezi, Google Docs, Corel, etc.
- If you choose to imbed a video in your presentation, be sure the video does not monopolize the presentation. A video should add to or enhance the presentation, not take the place of the presentation.
