Your path to Middle School success starts with...

1. **Arriving on time with all needed materials and writing all assignments in your agenda book.**
2. **Completing all assignments on time.**
3. **Asking for help.** Whether it is academic, social, or emotional help, there are adults at the school ready and willing to help you. Seek out and ask for help when you feel you might need it.
4. **Paying attention in class.** Focusing and using class time wisely is one of the best ways to get ahead in middle school.
5. **Making goals.** Give yourself something that you want to attain by the end of the trimester. Then, make a plan and stick with it to get there.
6. **Showing respect for yourself, others, your property, and your school.**
7. **Getting involved!** Join a club or play an instrument.
