To cultivate an exceptional, innovative learning community that enables all students to succeed in a changing world.

August 2022

Dear Parents and Guardians:

The safety and security of our students and staff continues to be the top priority at Middle School West. Because of the increased number of incidents involving vaping; in particular, that which includes vaping with illegal substances, Middle School West will continue the practice of testing all vapes and their contents as well as any confiscated vape oil. All vape materials will be confiscated and destroyed in the process of testing.

This practice is in addition to the consequences that are typically assigned for this infraction as outlined in our differentiated discipline process at Middle School West.

A police report will be filed, also a school fine of \$50.00 will be levied for the first offense as well as the cost of the testing which will be incurred by the student. The second offense will be a \$75 fine in addition to the test kits used, the third and all subsequent offenses will result in a \$100 fine in addition to the cost of the test kits used.

Thank you for your continued support to keep our students safe and healthy.

Should you have any additional questions, please do not hesitate to contact my office.

Sincerely,

Mrs. Stephanie Landis
Principal
