

The background is a solid light peach color. It features several abstract organic shapes in muted orange, sage green, and dark charcoal grey. White line art of dandelion-like seed heads is scattered across the design, with one in the top left, one in the top center, and one in the bottom right. Small black dots are also present, some grouped together.

- Researching other jobs

1. Recreation Therapist

Recreation therapists improve the health of people who are sick, injured, or disabled. They use a range of leisure activities to help their clients heal or grow.

2. Special Education Teacher

Special education teachers teach students with special needs. This includes students with physical or learning disabilities.

3. Art / Music Therapist

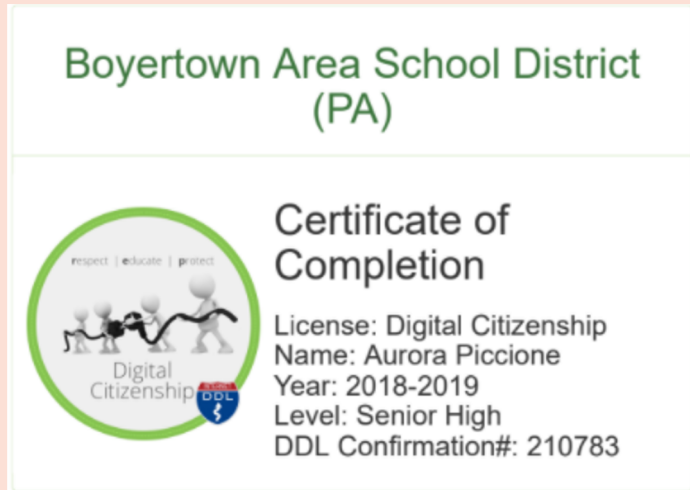

Art and music therapists use art or music to help clients express themselves. This kind of therapy can help them deal with physical and emotional problems.
