# NHUF Art Show

By Adrian Kupsis

On April 20th the school had an amazing art show. As most of you have seen, the students' artwork will be hung in the hallways. Your parents will be able to see your masterpieces. At the same time, the school book fair will be held. Mrs. Robins has wanted to be an art teacher since she was in first grade at this very school. Mrs. Robins has been teaching art for eighteen years at NHUF. She has been continuing the art show tradition since she started here and so did the art teacher before her. She has been working on this year's art show for two months now and she is still working hard.

The Art Show was Wednesday night, April 20th and featured artwork from first to fifth grade.

---

## Book of the Month

**Favorite Dr. Seuss Book:**  
*"Oh the Places You Will Go"*

Great story which reminds all of us of our potential.

---

## Upcoming Events

- 4/20 - Art Show/Book Fair
- 4/26 to 4/28 - ELA PSSAs
- 4/29 - PTCA Movie Night
- 5/2 to 5/5 - Math/Sci PSSAs
- 5/6 - Early Dismissal

---

# NHUF Art Show

(continued from page 1)

Any superhero needs a good sidekick and Mrs. Robins has lots. Her two student teachers have helped her a lot and so have many parents. According to Mrs. Robins, her go-to parent helper is Mrs. McAghan. There are over 3,500 pieces of art in the hallways currently. Out of all these projects, her favorite is the pastel flowers the 5th graders made. The artwork will be displayed until May and will take up to three weeks to take down.

## Joke of the Month

Q: What kind of bear has no teeth?

A: A gummy bear

## Musical March Madness

by Benjamin McDermott, Conor Ferster And William Bartechko

*Mrs. Gallagher with her Anthem Brackets*

For some people, March means the start of March Madness and a month of college basketball. Here at NHUF, we have our own March Madness. In 5th grade, Mrs. Gallagher, our music teacher, set up her own brackets with national anthems sung in the years between 1991-2022. All these anthems were performed by famous singers, and all of the fifth graders got to choose their favorite version.

Mrs. Gallagher's lesson was to listen, watch, and rate the performances, and also decide which performance they enjoyed the most. It was also to help you memorize the words and the tune of the national anthem. The national anthem is hard to sing, you have to remember the words and you have to be able to sing in a high note and a low note. She also enjoyed listening to the student's feedback of the performances, especially when finding out the winners.

Mrs. Gallagher got this great idea from March being basketball month and music in our school's month, and she said, "I just tied the two together."
