Re: Asbestos Management Plan – Senior High School

Dear Parents, Teachers, and Residents of the Boyertown Area School District:

The Boyertown Area School District is providing notification that the asbestos management plan is available for review by all interested parties. To review the asbestos management plan please contact the office of your local school and make arrangements to review the management plan.

As part of the Boyertown Senior High School renovation project, all asbestos identified was removed. Boyertown Area School District has been diligent in removing asbestos containing materials.

Over the past year building inspections were conducted by the District staff to insure all known asbestos remains non-friable.

Environmental concerns within the Boyertown Area School District buildings remain the highest priority to enhance the learning environment and health and safety of our students and staff.

Sincerely,

E. Wayne Foley, Ed. D.
Principal
