Boyertown Area School District Announcement from Dr. Richard Faidley, Superintendent of Schools

The Boyertown Area School District is interested in involving our stakeholders with our Comprehensive Planning process. Three workshops will be held from February – April 2015 that will include students, parents/guardians, business owners, community members and staff. Contact Ms. Sheri Piveteau at [spiveteau@boyertownasd.org](mailto:spiveteau@boyertownasd.org) or 610-369-7548 for more information if you are interested in being considered to join this group. Individuals who do not attend the meetings will have additional opportunities to provide input to help us set our vision for the future of education for Boyertown students. Additional updates to this process will be provided on our District website at <http://www.boyertownasd.org/domain/33>.
