

Fifth Grade Summer Learning Activities

Use this document as a guide to learning experiences you and your child can access throughout the summer. Practice skills in short time frames - about 15-20 minutes at a time. Make the learning fun and enjoyable! Consistent, targeted practice each day will yield positive results and support students in maintaining skills.

START HERE: Students should log-in to [Clever.com](https://www.clever.com) to access the apps/websites below.

- [Summer Reading Boost](#)

ELA Diagnostic

Parent resources can be found here: [IXL Parent Tutorial Video](#); [Navigating IXL Video](#)

RAZ Kids Priorities:

- Look at books in this reading level range: T - Z.
- Recommended: Listen to book, read book, and answer comprehension questions.
- Work from your "Level Up" room to complete ALL activities at each level to level up in your reading.

Zearn Math

- [Grade 5 Summer Series](#)

Other websites to explore:

- Xtra Math
- Number Pieces
- Number Lines
- Partial Product Finder
- Newsela
- Study Island
- Edgenuity Pathblazer
- Discovery Education
- Learning A to Z (RAZ)
- Prodigy Game
- Vooks
- Epic!
- Freckle

No 'tech' learning options:

- Read to/with your child
- Go to the Boyertown Library, get a library card, and check out some books!
[Boyertown Community Library](#)
- Set a reading goal for yourself. For example, read a book from a new genre, complete reading a chapter book, or discover a new book series.
