

BOYERTOWN Area School District Kindergarten 2022

BASD is pleased to announce a modified Kindergarten Launch to welcome our incoming students and provide some materials to help them prepare for their Kindergarten year.

On March 16th, we will be distributing a bag of activities and other goodies that families can use to practice foundational Kindergarten skills. We are also developing a webpage with links to describe each activity.

These are the first steps toward the wonderful and exciting learning experience your child will have in the Boyertown Area School District!

BASD Kindergarten Launch 2022

When: March 16th
1:30-3:30

Where: Your child's future elementary school

Use this link to the [BASD School Assignment Map](#) if you are unsure which elementary school your child will attend.

What: A drive-thru at your child's school to see the staff and pick up a bag with resources and activities to support kindergarten readiness

Sign Up Here!

Use the link or QR code here to sign up for the Kindergarten Launch at your child's elementary school. More information will be sent along closer to March 16th including details on drive-thru locations and directions for the building. If you are unable to pick up the materials on the 16th, you may stop by the BASD Education Center after the 16th during regular business hours (9-4pm). ALL families should complete the form if they would like to pick up a materials bag.

<https://bit.ly/KLAUNCH22>

Please bring your child with you so they can see the teaching staff, principal, and other school team members. We look forward to seeing everyone!

Kindergarten Orientation SAVE THE DATE!

Kindergarten Orientation is **August 15th**. Students will visit their assigned buildings and meet their Kindergarten teacher. More information will be sent to families that fully complete the Kindergarten registration process. Kindergarten registration opens January 6th, 2022. You can find more information at the following link:
