

Varsity Softball Field Improvements

Boyertown Area School District

Dominic M. Palladino, CAA - Director of Athletics

5/1/2018

Safety issues

Improvements needed this year for safety and Title IX

1. Move field approx. 60 feet away from road
2. Move backstop and dugout protection with field to create a safe field of play (2017-18 athletics budget)
3. Build and install dugouts (fundraising/athletics budget)
4. Use portable bleachers for added seating
5. Install new scoreboard in left field (2018-19 athletics budget)
6. Install permanent outfield fence with warning track
7. Install batting cages and bullpen mounds (2018-19 athletics budget)

Dugouts would be approx 50 ft from road

Recommendation

BASD administration recommends moving forward with the proposed safety enhancements in time for the 2018-19 school year.
