

Dear NHUF Families,

We hope you are well, and we miss seeing all of you. In place of our classroom libraries and the NHUF Library, we wanted to send some resources to help you continue to read. Although we are staying home, reading can take you anywhere!

Begin by going to <https://destiny.boyertownasd.org/> and choose NHUF. On the Home tab, you will see icons and links for online resources.

Power Kids – Select the icon with the lightning bolt. This will lead you to BookFlix and TrueFlix. To use these eBooks and videos, you will be prompted for your public library card number. (These resources are provided by the state of Pennsylvania.)

World Book Kids – online encyclopedia for all grades. This includes articles, pictures, videos, activities, games, and projects.

World Book Student – online encyclopedia for the upper grades.

Map of the United States and World Map – CultureGrams online databases for the United States and countries of the World. Username: nhufes, Password: welcome

Scholastic Learn at Home: Scholastic is also offering free access to BookFlix and other online resources for families in this time. To access these reading resources, go to www.scholastic.com/learnathome. Scroll down and click on the appropriate grade level to access eBooks, digital magazine articles, videos, and more!

Public Library Resources: If you have a public library card, visit <https://www.berkslibraries.org/branch/boyertown>. Click the eBooks tab to learn how to access these great resources!

Authors and Illustrators - Many authors are sharing their books online. Some illustrators share their talents, too. One of our school favorites is Mo Willems. He is doing weekdays at 1:00 at <https://www.kennedy-center.org/>

Mrs. Corcoran will post a link to other author and illustrator videos on the Destiny Library Home page. Look under the link for World Book Kids – Authors and Illustrators.

Happy Reading!
