

NHUF News – 4-10-2020

Dear Parents/Guardians,

In light of the current situation, we are going to extend the date of class placement letters until May 1st. All letters should be emailed to brohn@bovertownasd.org. Please DO NOT send a letter by mail. **If you have already sent a letter, I would appreciate it if you could send it again by email since all letters are currently in the school office.**

Brian Rohn
Principal

2020-21 CLASSROOM PLACEMENTS

Each year we work diligently to determine student placements for the following school year. Since we consider the placement process to be one of our most important tasks, we would like to share the process with you. Student placement is determined and reviewed by a team of professionals consisting of your child's present teacher, reading specialist, guidance counselor, and the principal. Additional personnel, such as the remediation teacher and special education teachers, are consulted when appropriate. Each child's academic, social and emotional growth and needs are discussed as well as peer relations. We strive to create classes that are heterogeneous, function as cohesive groups, and provide each child with an educational environment that will meet his or her needs. We feel our time is well spent because we also have a personal investment in each child.

In view of the time and consideration taken in the placement of your child, we request that you do not ask for a specific teacher placement. Should your child need special consideration, such as a specific type of learning environment or you wish to share information about your child's specific needs, please write the principal a letter stating those areas that should be taken into consideration when making next year's placement. **Any written request of this nature must be submitted by May 1st.** *Letters that include specific teacher names and/or are received after May 1st will be returned.* No requests will be considered after this date. We ask that you respect our professional judgment and be assured that we strive to make the best possible match for your child.
