Kindergarten Registration 2020-2021

The Boyertown Area School District is announcing kindergarten registration for the 2020-2021 school year for any district resident child that meets the age requirement of 5 years of age on or prior to September 1, 2020. The portal is now open on the district website. Note that although students entering kindergarten are required to have a physical and dental examination, these exams must be completed after September 1, 2019 and no later than September 15, 2020.

Moving Over the Summer?

If you are planning to move out of our school attendance area for the next school year, please notify the school office at this time. This information will be most important as we make preparations for next school year. Also, if you or anyone you know are planning to enroll a new student in any grade for the 2020-2021 school year, please notify the school office.

Bus Deviations for 2020-2021 School Year

Please remember that if you wish to request permission for your child to ride a bus or use a bus stop other than the one assigned based on your residence, the transportation department will need your completed bus deviation form by July 1, 2020. These requests are approved on a space available basis and require four days before becoming effective. If you wait until the start of the 2020-2021 school year to request a bus deviation, there will be delays and possible denial due to the unavailability of space on the bus requested. Also please remember that the district policy regarding bus deviations does not permit more than one pick up or drop off location. 2020-21 CLASSROOM PLACEMENTS

Dear Parents/Guardians,

In light of the current situation, we are going to extend the date of class placement letters until May 1st. All letters should be emailed to brohn@boyertownasd.org. Please DO NOT send a letter by mail. **If you have already sent a letter, I would appreciate it if you could send it again by email since all letters are currently in the school office.**

Brian Rohn
Principal

Each year we work diligently to determine student placements for the following school year. Since we consider the placement process to be one of our most important tasks, we would like to share the process with you. Student placement is determined and reviewed by a team of professionals consisting of your child's present

teacher, reading specialist, guidance counselor, and the principal. Additional personnel, such as the remediation teacher and special education teachers, are consulted when appropriate. Each child's academic, social and emotional growth and needs are discussed as well as peer relations. We strive to create classes that are heterogeneous, function as cohesive groups, and provide each child with an educational environment that will meet his or her needs. We feel our time is well spent because we also have a personal investment in each child.

In view of the time and consideration taken in the placement of your child, we request that you do not ask for a specific teacher placement. Should your child need special consideration, such as a specific type of learning environment or you wish to share information about your child's specific needs, please write the principal a letter stating those areas that should be taken into consideration when making next year's placement. **Any written request of this nature must be submitted by May 1st.** *Letters that include specific teacher names and/or are received after May 1st will be returned.* No requests will be considered after this date. We ask that you respect our professional judgment and be assured that we strive to make the best possible match for your child.
