Dear Parents/Guardians,

Please be reminded that in-person students will begin five days per week at NHUF on **4/21/21**. On Wednesdays, students will attend school for half of the school day with dismissal at 12:30 pm, our typical Early Dismissal end of school day. If you prefer your in-person student continues to attend school virtually on Wednesdays, **please communicate this desire to Mr. Rohn and your child's teacher as soon as possible.** Further, on these Early Dismissal Wednesdays, lunch will be provided per a "Grab and Go" bagged lunch for students to bring home and eat. We will take our daily lunch count as we typically do on all any school day and prepare the lunches for distribution before students depart for the day. If you have any questions, please contact Mr. Rohn.

Thank you,

Brian Rohn

COVID-19 Clinic Volunteers Need

BASD has partnered with the Medicine Shoppe in Boyertown to host COVID-19 vaccine clinics. Clinics are being held every Saturday and Sunday through the months of April and May and are in need of volunteers. Volunteers fill many roles and do not need to be a medical professional.

More details will be available soon. If you have any questions about state assessments or your child's participation in the state assessments, please contact your child's school counselor or building administrator.

BASD Portrait of a Graduate – Community Input Requested

As part of our BASD Comprehensive plan, we are developing a BASD Portrait of a Graduate. This portrait will represent the collective vision that articulates our community's aspirations for all students. A Portrait of a Graduate represents a school district's vision for the 21st century skills, character traits, and/or social-emotional competencies that students need to succeed in college, career, and life. The process of building and implementing a Portrait of a Graduate involves voices of all stakeholders.

Please [follow this link](#) to respond to three survey questions that will help guide our district in this work. We will use the collective stakeholder input to identify the key knowledge, skills, and dispositions that will allow us to continue to address our district's mission: 'To cultivate an exceptional, innovative learning community that enables students to succeed in a changing world.'

Your input and support are greatly appreciated!
