

Second Grade Scoop September 2019

Welcome to second grade! I am very excited about getting to know each of your children this year and helping them grow and reach their fullest potential. We will be spending a lot of time this month getting to know each other, learning classroom rules and expectations, and building a community of readers and writers.

English Language Arts

We are establishing rules and procedures for Reading Workshop. We will be learning about reading to self, reading to someone, word work, and listening to reading and building stamina.

In Writing Workshop, we will be also establishing rules and procedures and working on getting ideas for our writing.

In word work, we will learn about short vowel words and words with consonant digraphs.

Math

In math, we began module 1 which focuses on sums and differences to 100. We will be reviewing and focusing on facts that equal 10.

Science

We will begin our unit on objects in the sky.

Important Notes

-Please write a check payable to Scholastic when ordering book order books or you may also order online.

-Please send in a note or email me letting me know what treats are coming into school in advance

To report an absence:
